(EN) Acrylic adhesive is compatible with Petzl helmets. For other helmets, verify the compatibility of your glue with the helmet manufacturer. Acrylic glue can alter the physical properties of certain materials.

(FR) L'adhésif acrylique est compatible avec les casques Petzl. Pour les autres casques, vérifiez la compatibilité avec le fabricant. La colle acrylique peut altérer les qualités physiques de certains matériaux.
(DE) Dieser Acrykleber ist mit Petzl-Helmen kompatibel. Versichern Sie sich im Falle von anderen Helmen beim Hersteller über die Kompatibilität des

Klebers mit dem Helm. Acrykleber kann die physikalischen Eigenschaften von bestimmten Materialien verändern.

(IT) L'adesivo acrilico è compatibile con i caschi Petzl. Per gli altri caschi, verificare la compatibilità con il fabbricante. La colla acrilica può alterare le caratteristiche fisiche di alcuni materiali.

(ES) El adhesivo acrílico es compatible con los cascos Petzl. Para los demás cascos, verifique la compatibilidad con el fabricante. La cola acrílica puede alterar las cualidades físicas de ciertos materiales.
